LEGISLATIVE UPDATE

Dear Neighbor,

Our state is confronting a budget crisis, the likes of which we have never seen. However, with crisis comes opportunity. There are major inefficiencies with how we deliver services in this state. That is why the legislature created the Commission on Enhancing Agency Outcomes. The commission is charged with identifying efficiencies that will reduce costs to the state, increase access to services and improve the delivery of services to the public. I am pleased to tell you that I was appointed to co-chair this commission.

We are seeking ideas and suggestions from our colleagues and the public as we work quickly to develop recommendations for the legislature to act upon. This is a difficult time for Connecticut, but also an opportunity to take stock of state government and improve it.

I encourage you to contact the commission with your thoughts and suggestions. Our Web site is online at www.cga.ct.gov/gae/CEAO.

As your state senator, I will be working diligently to ensure that our state is running efficiently, that our budget is balanced, and that we are well positioned for a successful economic recovery.

As always, if you have any questions or concerns, please do not hesitate to contact me. I look forward to hearing from you.

With warmest regards,

Gayle Slossberg
